ATOM - Fibreglass & Vinyl

ULTRA COMPACT PERFORMANCE NICHE LIGHT

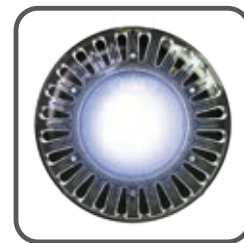

Don't compromise... Ask your builder for  
a Spa Electrics' ATOM EM Series Light

Spa Electrics' range of ultra-compact, high performance LED pool lights are now available for Fibreglass & Vinyl pools!

Developed in consultation with pool building professionals; Spa Electrics ATOM EM Series has revolutionised the world of underwater lighting, by producing the brightest, compact light on the market.

*Bring your pool to life... choose the Ultra Compact ATOM EM Series for your next pool.*

Australian patent pending

**bright** ✓

High-intensity single & multi-colour LEDs provide ample illumination for even the largest pools.

**reliable** ✓

Advanced LED technology and IPX8 water ingress protection means ATOM EM Series lights will work reliably year after year.

**energy efficient** ✓

Superior LEDs and Spa Electrics' patented DUOSINK® and PULSEWAVE® technologies deliver maximum brightness with the lowest power consumption on the market today.

**ultra compact** ✓

Fits in steps, swim-outs, ledges & foot wells.

**exquisite colour** ✓

Single & multi-colour configurations available. Providing brilliant illumination & seamless colour transitions.

Winner of the 2011 'Good Design' award for innovation in architectural & interior products.  
Australian International design awards
